

THE GURU SINGH CONCERT

Friday 18 November 2011
7.30-9pm

Guru Singh m.s.s., is a yogi, teacher, writer, composer-musician, ordained minister, healer, and most importantly as he says "a family man", living in Los Angeles and sometimes in India, London and New Mexico. Living with his wife and their two children, his life exemplifies a delicate and vital balance; honoring family and personal commitments while maintaining his spiritual dedication to working with the people of this world.

Every Morning at Summer Solstice in New Mexico you will hear him wake up thousands of people with his singing and guitar for the 4am Sadhana practice.

His music varies from deep meditative mantras, to songs that just put a great big smile on your face. His music is sure to uplift your spirits and open your heart.

You can learn more about this great man, download his podcasts and receive his daily quotes, listen to his music at www.gurusingh.com

This is a concert not to be missed. Be early!

We are excited to announce that Chayo Studio, Studio of Guru Ram Das Ji from the 9th October will no longer be charging for classes and workshops. Give us your blessings. Sat Nam
